

Welding Positioner

The AFP50 Welding positioner grips and rotates the workpiece setting up ergonomic working posture during welding, machining and assembly of workpieces for the operator and providing faster and more efficient process.

Part Number	AFP50
Max Loading Capacity	50 kgs
Work Table	Ø300mm
Tilting angle	0~ +90
Rotating speed	0.4~4
Rotating Power	0.09Kw
Tilting	Manual
Adjusting way	DC Speed Control
Voltage	220V-1 PH - 50HZ
Options	Foot Pedal and Chucks
