

Foam Rubber Disc Purging Kit

Tube or Pipe SCH10 - SCH40

This purging system has been designed to reduce both inert gas use and purging time using high quality white nitrile rubber discs. It ensures that the disc remains tightly fitted inside the pipe wall creating an effective seal.

- Fast purge times for pipes, elbows and fittings
- High quality white nitrile discs
- Includes both flexible and rigid purge rods manufactured from lightweight aluminum for strength and durability
- Insulated steel cable with stainless steel swivel bolt snap
- 10 m Purge hose with brass flow meter fitting at one end and purge pipe fitting on the other end
- Replacement discs can be manufactured quickly and cost effectively to meet size requirements.
